A Funeral procession of six or eight carriages, at Buffalo, started on Thursday, the worst day of the storm, to go to the cemetery. They were obliged, on account of the drifts, to take the road posed was the proper street. Finding that they did not reach their destination, they stopped after a while to investigate, and found to their horror that they were one mile from land, out on the frozen waters of Lake Erie. The ice was thin and treacherous, and in their bewilderment they hardly knew which way to turn, but at last, with fear and trembling and almost perished with cold. they crept back to the shore and returned with their dead to the city, to defer their mournful errand to another day.
